Above To Ground

# Introduction

Thank you for joining us here, at Above To Ground where we fully understand that we all have a deepy rooted desire to serve. Service and sacrifice have always been a major role in Jesus' walk on this earth. I believe that is why we all feel the tug to give what we can of ourselves to others in many different ways. I personally welcome you to come experience the fulfilment of serving your community at our side with all you have and all you are.

## Above To Ground

Our mission strategy will be fully inspired by the word of God and how he calls us to serve his people. We fully believe that caring for others especially those in need shines a light on the heart of Christ that we seek to model after. We hope to provide services to the less fortunate that will include hot meals, hygiene products, access to resources of housing and discipleship/community.

# Foundation

“Therefore everyone who hears these words of mine and puts them into practice is like a wise man who built his house on the rock. The rain came down, the streams rose, and the winds blew and beat against that house; yet it did not fall, because it had its foundation on the rock.”

Matthew 7:24-25 NIV

In its early stages of development, Above to Ground pledges to cultivate an active and genuine partnership with those in need as well as other advocates, facilities, programs and sponsors.

Being active listeners to the communities we serve is vital to ensuring that we are hitting the marks on delivering the REAL needs that REAL people have.

Continuing the ground work without funding so it is understood that with or without financial assistance we will be committed to our cause.

# Maintenance

## PLAN 1

- Establish a **schedule** that the people we serve are fully aware of and can depend on rain or shine. Consistency is important to proctor in a safe space where our recipients can trust us to show up and show out for them.

## PLAN 2

- To truly open up our foundation to likeminded individuals and sponsors who have the same passion to serve as we do, Above to Ground will plan **benefits, auctions, and fundraisers** to contribute to the revolving overhead cost of operation.

## PLAN 3

- Implementation of a service package that can be distributed efficiently is essential to the reach we will have while serving. Procuring a **food safe vehicle** that can withstand the weather and give us freedom to move about Austin will greatly increase availability to our population.

# Legacy Goals

- To awaken a spirit of radical service in younger generations by leading by example and showing the youth how we take care of others. Empathy and Service of other are muscles that have to be worked to get strong! We wish to get the city of Austin FIT!
- To be the direct cause of the reduction of Austin's PIT count to be under 100 by the year 2031.
